

RIVARD

Manufacturer & Body builder

HEGOA

Industrial ADR ATEX combination

Versatility

Any type of pumping with flash point >40°C
Sewage or ADR mode

Conformity

ATEX directive 2014/34/EU
To the Machine Directive
To health insurance R502
To the S3C repository

Productivity

Easy & secure maintenance
Possible use of the HP while pumping in ATEX
Unloading in ATEX with carrier

Power

Jetting pump from 7hp to 180hp

Combined hydro-cleaner specially designed for pumping and transporting ADR products in the sanitation sector. This range of equipment allows to recover mixed products for example in hydrocarbon separators.

This ADR ATEX combined unit can be connected to a zone 1/zone 2. This equipment evolves out of zone and allows the pumping of products with a flash point higher than 40°C with the possibility to connect the pumping line to a zone 1 (class 3 products, including 1993, 3295, 1202...) on a temperature range of the pumped product: -10°C to +50°C.

Technical features

HEGOA

Industrial ADR ATEX combination

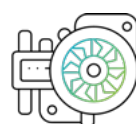

Work zone :
at the rear of the equipment without
hose connection

Steel tank : 12 000l
Water capacity max. : 3 000l
Sudge capacity max. : 9 000l

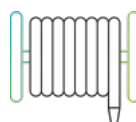

High pressure water jetting pump :
From 7hp to 180hp

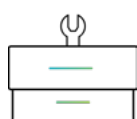

Rotary lobe or liquid ring
vacuum pump :
2 100m³/hr in free flow
2 700m³/hr in free flow
3 100m³/hr in free flow
3 660m³/hr in free flow

Radio remote control +
wire remote control

Main jetting hose reel 140m 1"
Secondary jetting hose reel 80m ½"

Suction hose storage
P.P.E. and personal belongings lockers
with hand washer
Wardrobe

19t, **26t** or 32t

Options and variants

- Stainless steel tank
- Extra ADR waste compartment
- Vacuum system for pumping dust products
- Side water tanks
- Circulation pump on jetting circuit
- Suction circuit in stainless steel
- Heavy-duty radiator
- Limited vacuum function
- Sewage circuit for abrasive products
- Pumping boom
- 1 storage reels 30m DN 80 or 10m DN 100
- Pneumatic purging valve
- Settling valve
- Rearview camera
- Equipotentiality rewriter with glass
- Ground reel
- Ohmgard function
- RIVLOB pump storage
- 20hp/40hp transfer pump
