BORA MAX

Mini-combination unit 4x4

Urban capacity

Height 1.90 m

Work in urban environments
underground access

Power

Suction pump 360m³/h
Total volume 1,000l
HP pump 41hp

Ergonomics

Pumping without connection
Flush system
for cleaning the tank
2 radio controls

Safety

Remote engine shut-off
Full fairing
Hose can be extended to
the desired length
Central locking

The BORA MAX mini combination unit, with a gross vehicle weight rating of 3.5 tons to comply with load restrictions, is the ideal compact hydrocleaner for all your daily urban and hard-to-reach job sites.

Its full fairing allows it to operate in cold areas and protects the equipment stored inside it.
